## UTAH CAPTURES GOLD MEDALS

Carries Off Sweepstakes on Minerals Members of Board of Education Act at Portland.

SPLENDID SHOWING MADE BY BUT UNPLEASANT REMARKS STATE'S BEST INDUSTRY.

Utah has been awarded the gold medal for the best collective exhibit of minerals at the Lewis & Clark centennial exhibition at Portland. This is the information that reached Governor J. C. Cutler yesterday in a message from Manager Spencer Clawson. The news came as an agree able surprise, as a number of the other western states, notably Colorado and Idaho, had put forth special efforts to take the lead in this special department. Colorado exhibited the metal wealth of that state in elaborate cabinets that made the Utah exhibit look unattractive to the idle passer-by. The judges have evidently looked beneath the surface and judged the exhibits on their intrinsic merits. The message that came from Manager Clawson was incomplete so that fuller information will be awaited with deep interest by the fair comfinssioners and by residents of the state in general. In addition to the taking of the gold medal for the collective mineral exhibit Utah is also awarded the gold medal for the concentrating mill and another gold medal for assay balances.

Silver medals have also been awarded Utah in this department. One of these is for the hydro-carbons, another is for the salt exhibit, another is for gypsum, and another is for the plaster & Manufacturing company. Several bronze medals have also been awardable surprise, as a number of the other

Nephi, the individual exhibit of the Nephi Plaster & Manufacturing company. Several bronze medals have also been awarded the state, one for kaolin, one for coal and one for fire clay.

Awards have not yet been made in the educational, agricultural, horticultural and manufacturing departments. The commissioners are confident that Utah will make a good report for herself in the educational department especially. The chief satisfaction from the medals thus far awarded will be on account of the gold medal for the best mineral display. It is conceded a feather in the cap the gold medal for the best mineral dis-play. It is conceded a feather in the cap of the state to stand at the head of the list in the most important industry of the state and among all the states of the great mineral west.

After their recent pronounced split on the question of opening the Longfellow school building, the members of the board of education got together last night and unanimously declared in favor of opening as many rooms as may be necessary to relieve the congestion in the building in that neighborhood. in the building in that neighborhood. The matter came up in the form of a report from the committee on buildings and grounds, which is authorized to spend not more than \$2,500 in making the necessary changes to place the building in a habitable condition.

The board reconsidered the action by which it had located one of the kindergartens in the Bryant school, and last night decided to place the kindergarten in the Lafayette instead of in the Bry-

A report from the committee on teachers and school work, recommending that the establishment of a sewing department in the High school be deferred for a time, owing to lack of room and uncertainty as to the finances of the board, provoked a long discussion, in which Giauque and Edwards argued in favor of establishing the department, while Cummings led the opposition. At length Giauque amended the resolution to provide that the department be established and that Mrs. Tomlinson be employed at a salary of \$900 per year A report from the committee on teachemployed at a salary of \$900 per year to take charge of it. Cummings said he had nothing against Mrs. Tomlin-son, and was willing to concede her great ability as a teacher, but didn't beleve she was "the person to lead High school girls in this sort of work."

After considerable debate, Thomas moved to refer the whole business back moved to refer the whole business back to committee again, and the motion carried by the following vote: Ayes— Cummings, Edwards, Thomas, Obern-dorfer, Moyle—5. ### Loss From Cutside Pupils.

A resolution providing that fifteen A resolution previaing that lifteen pupils from the county be admitted to the Jordan school at the rate of \$15 each per year, if they could be cared for, was also referred back. Superintendent D. H. Christensen said it would robably necessitate the employment of probably necessitate the employment of an additional teacher at a cost not less than \$350, which would entail a loss. Later Martin secured the adoption of a resolution bearing on the relations be-tween the city and the county schools. The resolution directs the superinten-dent to prepare a list of non-resident pupils and of pupils who have received. pupils and of pupils who have moved into the city from outside for the pur-pose of attending school. If the present aws are found inadequate to protect the city schools against inroads of this character, the board will probably prepare a bill on the subject to be presented to the next legislature.

#### Giauque Criticises Cross.

Giauque opposed a resolution provid-ng for the purchase or leasing of pianos for the Wasatch school build-ng and for each of the kindergartens. In the course of his remarks, he said e was surprised to learn that Principal.

O. Cross of the Wasatch had not been energetic enough to raise sub-scriptions for a piano when every other principal in the city did this, although recently the board has forbidden the raising by subscription of funds for any Thomas' amendment, authorizing the committee on buildings and grounds to purchase or lease the three planos provided for by the resolution, at length convict.

# THINK IT OVER!

We know it isn't nice to be continually told in such plain icy-cold language that you don't know your business if you don't buy your clothes from us, but that should not prevent you from trying on one of our garments, which possess every artifice of the upper class tailor, which is incorporated in the designing, making and finishing.

Just say what you like best and we will show it to you.
